Who We Are

Yiğit Alüminyum Profil is one of Türkiye's largest manufacturers of aluminium profile solutions, with a particular focus on aluminium LED profile systems. Based in Istanbul, we combine a strong manufacturing infrastructure, substantial stock capacity and an extensive distribution network to provide fast, sustainable solutions for the industry.

Our modern factory in Çerkezköy is at the heart of our production operations. With advanced machinery and an experienced team, we manufacture to high quality standards. Our large warehouse in Beylikdüzü keeps our extensive product range readily available, enabling prompt deliveries to our customers.

Through our nationwide dealer and distribution network, we provide continuous service to a broad customer base, including architects, installers, lighting professionals and project companies. Our production capacity, product diversity and commitment to quality continue to make us a benchmark in aluminium LED profiles.

At Yiğit Alüminyum Profil, quality, consistency and customer satisfaction are our core values. With our innovative products, we continue to add value to the lighting and construction industries.

IMPORTANT INFORMATION

> We manufacture and supply aluminium profiles and polycarbonate diffuser covers only.

> LED strips and other electrical components are not included and must be sourced from electrical and lighting suppliers.

> Profiles are supplied in standard 3-metre lengths.

> Custom cutting to length is not available.

> Profiles are shipped in protective bubble-wrap packaging.

> To help prevent damage during transport, orders below 15 metres are not accepted.

> Custom RAL-colour orders are subject to a minimum order quantity of 300 metres.

> Orders are dispatched the next day via our contracted carrier, Aras Kargo.

> The manufacturer cannot be held responsible for delays caused by the carrier.

> Products are warranted against manufacturing defects.

> Products that have been cut, painted or installed cannot be returned.

> Custom-made orders (colour, dimensions or quantity) cannot be cancelled or returned.

> Lead times may differ for stock items and custom-made products.

> Outdoor installations require additional weatherproofing and suitable LEDs.

Product Categories

Featured LED Profiles 4-8

Trimless Plasterboard LED Profiles 9-21

Slim LED Profiles 22-27

Ceiling Corner LED Profiles 28-38

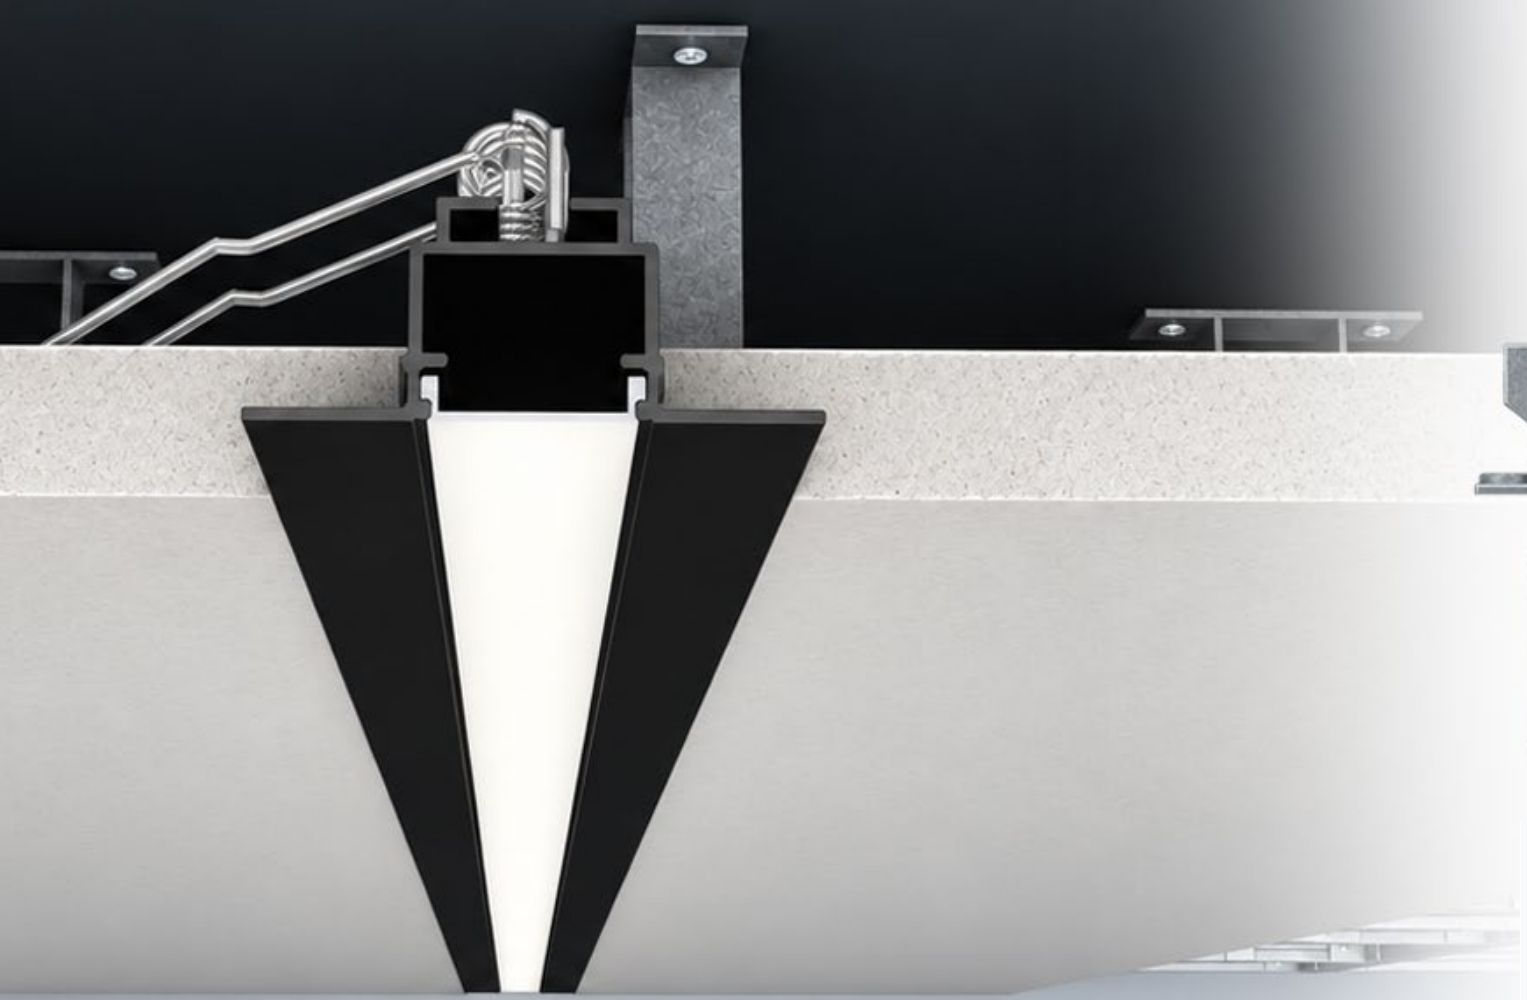

LED Skirting Profiles 39-47
